**Next Gen Alliances in the Eco-System are highly complex organizational systems needing more than just Best Practices to thrive.**

- It's a major Paradigm Shift requiring a Collaborative "Architecture" to enable its multiple components to connect, adapt, and innovate quickly.
- Alliance Managers must expand their realm of expertise from Alliances to Collaborative Excellence, which can be used across a wide spectrum of functions, not just alliances.
- The ability to build wide-reaching collaborations, including internal alliances, is the pathway to the C-Suite
