

Building a Network of Voters & Donors in Naples

To conduct a successful campaign for Donors it key campaign candidates, we need to identify people who are most likely to resonate with our message and candidates – **Rebuilding Trust in America**

The biggest deficit in Washington is **not the financial deficit**; it is the **Trust Deficit**.

Only 17% of Americans trust their government, the lowest ever recorded.

When Distrust prevails, the vacuum is filled with:

Fear, Uncertainty, Polarization, and Divisiveness, thus terrible insecurity

This is the breeding ground of Authoritarian rule

**IT IS DISTRUST, THE LACK OF CONFIDENCE,
MORE THAN ANYTHING ELSE
THAT DESTROYS CIVILIZATION.
WE CAN KILL CIVILIZATION BY CYNICISM
JUST AS EFFECTIVELY AS BY BOMBS.**

— Kenneth Clark, *Civilization*

Dictators love to usurp power to give people a false sense of security in the quagmire of distrust.

Remember, we are looking for donors who want to clean up Congress.

Our potential donors are people who want leaders who

- have a [Ethical Backbone](#),
- are guided by a steady [Moral Compass](#),
- can [Restore Trust in America](#).

Building the Network of Donors starts with identifying people you know that recognize that, in the 2026 election, we must Flip the Senate – to **put the guardrails back on our precious democracy**.

To Build Our Network, you have two pathways:

1. **Known Friends:** Obviously if you know someone and know of their personal point of view, you can contact them about our cause.
2. **Neighbors:** You may not know of the perspectives of many of your neighbors, but there is an easy way to find out. On the next two pages there are instructions on how to search an address or a person's name to determine their political preferences. I was amazed how easy it was.

You can learn if they are a Republican, Democrat, or None (Independent), the latter two will be most amenable to our message at this stage. But don't discount Republicans, they be Disenfranchised Reagan Republicans.

Website: <https://voteref.com/> If I queried for a specific address (ie. 7515 Pelican Bay Blvd -- a large condo with over 80 residents), I would get this result: 53 are Republican, 18 are Independent, 15 Democrat
